Public Administration Act 2004

VICTORIAN GOVERNMENT PUBLIC ENTITY EXECUTIVE REMUNERATION POLICY

Order in Council

The Governor in Council, under section 92 of the **Public Administration Act 2004** and on the recommendation of the Premier, makes an Order requiring specified public entities in the Schedule to this Order to comply with the Victorian Government Public Entity Executive Remuneration Policy (Policy). The Policy is contained in the Schedule to this Order.

This Order comes into effect on 8 November 2018.

Dated 23 October 2018

Responsible Minister:

THE HON DANIEL ANDREWS MP

Premier

ANDREW ROBINSON

Clerk of the Executive Council

Public Administration Act 2004

VICTORIAN GOVERNMENT PUBLIC ENTITY EXECUTIVE REMUNERATION POLICY SCHEDULE TO THE ORDER IN COUNCIL

1. Objective

1.1 The Victorian Government Public Entity Executive Remuneration Policy ('policy') details the Victorian Government's approach to executive remuneration in specified public entities, and the role of the Office of Public Sector Executive Remuneration (OPSER) in administering the policy.

2. Commencement

2.1 This policy comes into operation on 8 November 2018, as it is the Schedule to an Order made by the Governor in Council under section 92 of the Public Administration Act 2004 (PAA) to specify public entities to comply with this policy.

3. Revocation

3.1 The Policy on Executive Remuneration in Public Entities, overseen by the Government Sector Executive Remuneration Panel, is revoked. The OPSER will assume responsibility for oversight of executive remuneration in public entities.

4. Scope

4.1 This policy sets out the procedures, and a framework of five guiding principles, for the following bodies and officers involved in the setting of executive remuneration in specified public entities:

- boards (or equivalent governing bodies) of public entities
- public entity chief executive officers (CEOs) and their subordinate executives
- human resources and other staff in portfolio departments and public entities.

4.2 This policy applies to the following senior executive appointments and reappointments in public entities:

- CEOs (however titled) of public entities; or an employee of a public entity who:

- receives a total remuneration package (TRP) equal to or greater than the base of the Victorian Public Service (VPS) executive officer remuneration range; and
- has significant management responsibility, that is, the primary role of the employee is to provide leadership and strategic direction for other staff members.

4.3 The policy also applies to subordinate executives in public entities, where the TRP of the individual executive proposed:

- exceeds 80% of the TRP approved by the OPSER for the CEO of the same public entity; or
- will result in the average TRP of all the CEO's direct reports exceeding 70% of the CEO's TRP.

4.4 For the avoidance of doubt, this policy does not apply to:

- staff whose remuneration rates are specified by an award or enterprise agreement
- technical specialists who meet the remuneration criteria outlined above, but do not have a people management function
- statutory or prerogative office holders appointed to public entities
- VPS executives employed under Part 3 of the PAA, including by virtue of a specific legislative reference or an order/instrument made under legislation.

4.5 The policy also sets out the mandatory employment terms and conditions for public entity executive contracts and arrangements for executive bonuses.

4.6 The public entities subject to this policy are listed under paragraph 9.1. These include water authorities, some land and catchment authorities, waste management authorities, TAFEs and certain emergency services organisations, some cemetery trusts, transport bodies and finance entities.

4.7 This policy should be read in conjunction with the OPSER's *Guide to the Victorian Government Public Entity Executive Remuneration Policy*, which provides detailed information about how to apply the policy and defines key terms. The guide is available at www.vic.gov.au/public-sector-executive-remuneration.html.

5. Principles for public entity executive remuneration

5.1 The following principles are to guide public entity boards in preparing submissions for the OPSER. These principles will also guide the OPSER's assessment of board submissions, enabling decisions to be made regarding executive remuneration in public entities.

Principle 1: Executive remuneration should be fair and reasonable

Executives in public entities should receive fair and reasonable recompense for performing their public duties.

Principle 2: Executive remuneration should consider entity performance as well as Victorian fiscal and economic conditions

Executive remuneration decisions should have regard to the financial performance of the entity. Decisions should also consider the fiscal and economic conditions of the state, reflected in the Victorian Government's wages policy, as updated from time to time.

Principle 3: Executive remuneration should be competitive

Remuneration should be set at a competitive level for the relevant market and sector, so as to attract and retain talented people.

Principle 4: Executive remuneration should reflect the non-financial benefits of public sector employment

Remuneration should not be the overriding factor in attracting and retaining executives, in recognition of the fact that there are a variety of non-financial benefits of public sector employment.

Principle 5: Executive remuneration arrangements should be consistent and understandable to both executives and the general public

The methodology underpinning remuneration decisions should be robust and based on rigorous analysis of all of the relevant factors.

6. Overview of the submission process

6.1 A board chair must make a submission to the OPSER seeking approval for an executive's remuneration in the following circumstances:

- incoming CEO in a newly established or existing entity
- reappointment of an incumbent CEO, where an increase in TRP is proposed
- any proposed mid-contract adjustment to a CEO's TRP that is greater than the

Premier's annual adjustment (see paragraph 7.1 of this policy)

- subordinate executives, as outlined in paragraph 4.3 of this policy.

6.2 A diagram describing the process for making a submission to the OPSER appears on the following page. A key difference between the former GSERP submission process and the OPSER's process is the requirement for boards to provide their submission to their portfolio department Secretary (or delegate) for consideration prior to submitting formally to the OPSER.

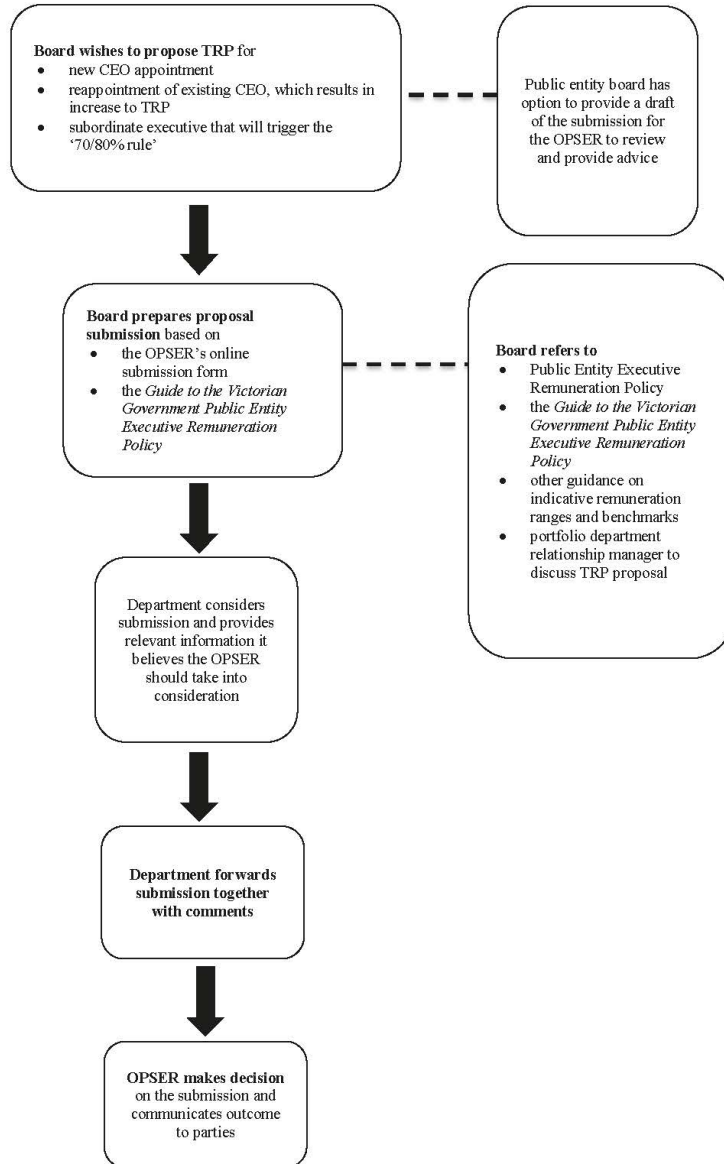

6.3 Following consideration of the submission, the department will forward the submission, together with its comments, to the OPSER, for decision.

6.4 Boards are invited to provide a draft submission to the OPSER for feedback or comment prior to formally submitting it to their portfolio department Secretary.

6.5 More information on the submission process is available in the *Guide to the Victorian Government Public Entity Executive Remuneration Policy*. Both the guide and the online form for making a submission are available at www.vic.gov.au/public-sector-executive-remuneration.

Diagram: process for making a submission to the OPSER

7. Other remuneration and contractual matters: annual adjustment, mandatory contract terms and bonus opportunity

7.1 Boards may also choose to increase a CEO's TRP by the Premier's annual adjustment. For 2018–19, the Premier has determined the annual adjustment to be 2%. The annual adjustment to TRP may be made at any time during the 12 month period to 30 June 2019, but not backdated prior to 1 July 2018.

7.2 The mandatory contractual terms and conditions for public entity executives applicable under the GSERP policy framework which continue under this policy are:

- contract of employment to be offered for a period of up to five years
- TRP includes salary, superannuation, the cost of a motor vehicle to an employer and the cost of other employment benefits and associated fringe benefits tax, but excludes general business expenses such as laptop computers, mobile phones or study leave
- termination of contract provisions – the employer may terminate a contract by providing the executive with four months' notice in writing
- no compensation for termination of a contract beyond payment in lieu of notice and accrued leave
- an unexpired portion of a contract may only be paid out in exceptional circumstances, with the written consent of the relevant department Secretary capped bonus opportunity (see below).
- 7.3 The mandatory terms and conditions outlined above are reflected in the template public entity executive contract available from the Victorian Public Sector Commission website. Boards of public entities are encouraged to use the standard executive contract template (although all the other provisions in the template contract are not compulsory).

7.4 The maximum bonus opportunity available to public entity executives in 2018–2019 will be either 17% or 20%, with the exception of health services executives, which are eligible for a maximum opportunity of 10%.

7.5 Since 1 July 2005, existing public entity executives with a total bonus opportunity of 20% have had the option to increase their TRP by 3% through a reduction in the bonus opportunity from 20% to 17%. This option may be applied only once. If applied, it would involve a change in contract terms, which would require the relevant executive to acknowledge and accept the variation in writing. If an executive does not wish to accept the change, the existing terms of their contract shall be preserved. The adjustment to bonus opportunity applies prospectively and relates to the first

performance year commencing on or after 1 July 2005.

7.6 Bonuses should only be paid when an executive’s performance exceeds planned targets. The total cost of bonuses in a public entity where a 17% maximum opportunity currently applies cannot exceed 6% of the pro rata aggregate of TRPs of those executives who are assessed for a bonus. Executives or public entities that have opted to retain the 20% bonus opportunity are not subject to the 6% total bonus average provisions.

7.7 In certain circumstances the bonus arrangements may cause difficulty, such as in smaller public entities with few executives, and more generally in situations when business performance has been outstanding and warrants executive bonus payments in excess of the 6% average. In these circumstances, boards must seek approval in writing from the portfolio department Secretary to exceed this guideline.

8. Contact

8.1 For further information regarding this policy, please contact the Office of Public Sector Executive Remuneration, Department of Premier and Cabinet, via email address opser.contact@dpc.vic.gov.au.

9. Public entities specified to be subject to this policy

9.1 The public entities listed in the Table are subject to this policy. This has been determined in consultation with departments.

17 December 2020

Public Administration Act 2004

ORDER REISSUING THE VICTORIAN GOVERNMENT PUBLIC ENTITY EXECUTIVE
REMUNERATION POLICY

Order in Council

The Governor in Council, under section 92 of the **Public Administration Act 2004** and on the recommendation of the Minister for Government Services, repeals the Order in Council made on 4 February 2020 under section 92 of the **Public Administration Act 2004** and makes a new Order requiring specified public entities (as set out in Clause 3 of the new Order) comply with the updated Victorian Government Public Entity Executive Remuneration Policy (PEER Policy). The updated PEER Policy is contained in the Schedule to this Order.

This Order comes into effect on the date that it is published in the Victorian Government Gazette.

Dated 15 December 2020

Responsible Minister:
THE HON DANNY PEARSON MP
Minister for Government Services

CLAIRE CHISHOLM
Clerk of the Executive Council

Public Administration Act 2004

VICTORIAN GOVERNMENT PUBLIC ENTITY EXECUTIVE REMUNERATION

1. Objective

1.1 The Victorian Government Public Entity Executive Remuneration Policy (PEER Policy) details the Victorian Government's approach to executive employment, classification and remuneration in specified public entities

2. Commencement

2.1 The PEER Policy comes into operation on the day that the Victorian Independent Remuneration Tribunal (Tribunal) makes the first determination of remuneration bands for executives employed in prescribed public entities under section 19 of the Victorian Independent Remuneration Tribunal and Improving Parliamentary Standards Act 2019 (VIRTIPS Act) (Determination).

3. Scope

3.1 All public entities (as defined in section 4(1) of the Public Administration Act 2004 (PAA) that are prescribed public entities for the purposes of the VIRTIPS Act, under regulations made pursuant to section 44 of the VIRTIPS Act (VIRTIPS Regulations), are required to comply with the PEER Policy.

4. Application to executives

4.1 The PEER Policy applies to executives in a public entity prescribed under the VIRTIPS Regulations that are:

- a CEO (or similar role if not titled as such); or
- in a role that has been classified under the Public Entity Executive Classification Framework (PEECF) with a work value score of at least 21; or
- in a role that has not yet been classified under the PEECF that has a Total Remuneration Package (TRP) on or after 1 July 2019 of at least \$185,711.

but does not include:

- staff whose remuneration rates are specified by an award or enterprise agreement; or
- technical specialists who meet one of the criteria outlined above, but do not have a people management function; or

- statutory or prerogative office holders appointed to public entities.

4.2 The PEER Policy also applies to executives in a public entity prescribed under the VIRTIPS Regulations that are employed as an executive under Part 3 of the PAA, including by virtue of a specific legislative reference or an order/instrument made under legislation.

5. Determinations of remuneration bands

5.1 Prescribed public entities must ensure that the remuneration of each executive to which the PEER Policy applies is within the relevant remuneration band of the applicable determination made by the Tribunal under sections 19 and 20 of the VIRTIPS Act.

5.2 Despite clause 5.1, the remuneration of an executive to which the PEER Policy applies may exceed the maximum of the relevant remuneration band, only if the employer of the executive has obtained advice from the Tribunal under section 37 of the VIRTIPS Act.

5.3 Prescribed public entities must comply with any Guidelines made by the Tribunal under section 36(6)(a) of the VIRTIPS Act.

6. Classification under the PEECF or VPSC

6.1 Public entities must facilitate the Victorian Public Sector Commission (VPSC) to undertake and moderate, on a fee-for-service basis, the classification of all executive positions within the meaning of paragraph 4.1 and 4.2 against the work value assessment methodology set out in the PEECF or, in the case of executives employed under Part 3 of the PAA, the Victorian Public Service Classification Framework (VPSCF). The PEECF and the VPSCF can be found on the VPSC website. The relevant classification and work value assessments must occur within 12 months of the Determination or by 31 December 2021 (whichever is later).

6.2 Delay to VPSC scheduled work value assessments of public entity executives beyond the timeline in paragraph 6.1 may only be undertaken in exceptional circumstances, with the written consent of the relevant department Secretary (i.e. Department Head, determined in accordance with section 13A(1) of the PAA) and in consultation with the Department of Premier and Cabinet and VPSC.

6.3 Prior to taking any of the following actions, a current work value assessment under the PEECF or VPSCF (as applicable) must be undertaken and the relevant position

must be classified accordingly:

- creating a new position; or
- renewing an expiring contract; or
- making a remuneration adjustment (other than as a result of an annual adjustment determined by the Tribunal or government).

For the purposes of this paragraph, a work value assessment is considered current if it is completed within the 12 months preceding any of the actions listed above.

7. Other remuneration and contractual matters: mandatory contract terms and bonus opportunities

7.1 Executive contracts for executives employed in public entities subject to the PEER Policy, including executives employed under Part 3 of the PAA, are required to include the following mandatory contractual terms and conditions:

- contract of employment to be offered for a maximum term of up to five years
- TRP includes base salary, superannuation contributions, employment benefits (i.e. non-salary) and the annual cost to the employer of providing the non-monetary benefits, including any fringe benefits tax payable
- termination of contract provisions – the employer may terminate a contract by providing the executive with four months’ notice in writing
- no compensation for termination of a contract beyond payment in lieu of notice and accrued leave
- an unexpired portion of a contract may only be paid out in exceptional circumstances, with the written consent of the relevant department Secretary
- capped bonus opportunity for executives employed on or before 3 February 2020 (see below).

7.2 The mandatory terms and conditions outlined above are reflected in the template standard contract for public entity executives available from the VPSC website. Boards of public entities are encouraged to use the standard contract for public entity executives.

7.3 Subject to paragraph 8.4, all new or renewed executive contracts entered into from

4 February 2020 onwards must not include a bonus opportunity.

8. Ongoing bonus opportunities

8.1 The maximum bonus opportunity available to public entity executives employed on or before 3 February 2020 and who did not accept a bonus buy-out offer, is either 17 per cent or 20 per cent.

8.2 Bonuses should only be paid when an executive's performance exceeds planned targets. The total cost of bonuses in a public entity where a 17 per cent maximum opportunity currently applies cannot exceed 6 per cent of the pro rata aggregate of TRPs of those executives who are assessed for a bonus. Executives or public entities that have opted to retain the 20 per cent bonus opportunity are not subject to the 6 per cent total bonus average provisions.

8.3 Paragraphs 8.1 and 8.2 cease to apply from 3 February 2025. This is in recognition of 3 February 2020 being the final date on which a new public entity executive contract could have been created with a bonus opportunity and that the maximum contract term being five years.

8.4 Specific roles at the Treasury Corporation of Victoria and the Victorian Funds Management Corporation will continue to be eligible for bonus opportunities. These roles will be determined by the Premier and the responsible Minister.

9. Contact

9.1 For further information regarding PEER Policy, please contact the Department of Premier and Cabinet, via this email address: publicsectorworkforce@dpc.vic.gov.au
