## Report overview

### About your report

The results in this report help your organisation build a positive workplace culture with integrity that live the public sector values.

### Report contents

The visual on the right shows you what sections we've included in this report for your organisation's survey results.

### Comparing data in this report

Your organisation took part in the survey in 2020 and 2021.

This means you'll be able to compare about 77% of this year's survey with your previous results.

### Rounding of percentages

In this report, we round numbers up or down to their nearest whole percentage.

This means some percentages may not add up to 100%.

### Survey questions and definitions

## Report overview

### Survey's theoretical framework

#### What this is

The framework provides an overview of the workplace factors and outcomes that the survey measures.

#### Why this is important

Based on theory and research, the framework focuses on core themes that help guide organisations in creating better workplaces.

We developed the framework in consultation with stakeholders from the public sector and Deakin University.

#### Our public sector values

The public sector values inform the professional and ethical conduct of everyone who works in the public sector.

As such, these values underpin the theoretical framework of the survey.

There's a strong link between workplace culture and how staff perceive their organisation lives the public sector values.

### The public sector values that underpin the framework and all public sector organisations

## Report overview

### Your comparator group

#### What this is

This is a list of similar organisations to yours.

We try to make sure they're in the same industry your organisation is in.

Some organisations may not have taken part in the survey previously. This means your comparator group may be different to previous years.

#### How we use this in your report

In this report, we compare your organisation's survey results to your comparator group's results.

This is so you can compare how your organisation is doing in your industry or to similar organisations.

We refer to your comparator group in this report as 'comparator'.

## Report overview

### Your response rate

#### What this is

This is how many staff in your organisation did the survey in 2022.

#### Why this is important

The higher the response rate, the more your results will reflect how staff feel.

If less than 100 completed the survey, consider how much one person could change your results.

For example, if only 25 people did the survey, 1 person would account for 4% of any result.

In this example, if your survey result and comparator group result or previous survey result are within 4% of each other, there is very little difference in the results.

#### How to read this

The number in the brackets ( ) shows how many staff completed the survey this year.

We've also expressed this as a percentage of all the staff who work in your organisation.

## People outcomes

### Scorecard: employee engagement index

#### What this is

Engaged employees are committed to their organisation's goals and values, and motivated to contribute to organisational success.

The employee engagement index is a score out of 100. It is a weighting of all engagement question responses.

The weightings for each engagement response are:

- strongly agree is 100 points
- agree is 75 points
- neither agree nor disagree is 50 points
- disagree is 25 points
- strongly disagree is 0 points

#### Why this is important

High engagement may lead to greater satisfaction and lower absences, turnover and workplace stress.

### Work-related stress levels

#### What this is

This is the level of stress experienced by employees in response to work-related factors.

#### Why this is important

Stress can negatively affect peoples health and wellbeing as well as their performance and behaviour.

#### How to read this

In this survey we asked staff to tell us their stress level.

The graph at the top shows how staff in your organisation rated their current levels of work-related stress.

The numbers below show the percentage of staff in your organisation who said they experienced high to severe stress in 2022 compared to 2021 and your comparator.

#### Example

13% of your staff who did the survey said they had high to severe stress in 2022. This is compared to 24% of staff in your comparator group and 25% of staff across the public sector.

### Work-related stress causes

#### What this is

This is the main work-related causes of stress reported by staff.

#### Why this is important

Stress can negatively affect peoples health and wellbeing as well as their performance and behaviour.

#### How to read this

In the survey, we ask staff to tell us if they have experienced mild to severe stress at work, as shown in the visual above the table.

If they answer yes, we ask them to tell us what caused the stress. They can select more than one cause.

In descending order, the table shows the top 10 causes.

#### Example

76% of your staff who did the survey said they experienced mild to severe stress.

Of that 76%, 46% said the top reason was 'Workload'.

### Intention to stay

#### What this is

This is what your staff intend to do with their careers in the near future.

#### Why this is important

In the public sector, we want to attract, keep, motivate and engage staff.

#### How to read this

In the survey, we ask staff to tell us how long they intend to work at their organisation.

#### Example

3% of your staff who did the survey said they intended to work for your organisation for 6 months or less.

### Scorecard: emotional effects of work

#### What this is

This is the level of positive and negative feelings experienced by staff in the 3 months before the survey.

#### Why this is important

Positive feelings can lead to higher wellbeing and job satisfaction and a lower chance of burnout.

#### How to read this

Each label represents a question in the survey about emotional effects of work.

Each result is the percentage of staff who said they often, very often or always felt happy, enthusiastic, worried or miserable in the past 3 months.

You can compare these with your comparator and the public sector.

#### Example

In 2022:

- 77% of your staff who did the survey said work made them feel happy in 2022, which is up from 74% in 2021

Compared to:

- 63% of staff at your comparator and 54% of staff across the public sector.

## People outcomes

### Scorecard: negative behaviours

#### What this is

This is how many staff have experienced negative behaviours at work in the past 12 months.

#### Why this is important

Negative behaviours can be detrimental to health and wellbeing as well as performance and behaviour.

#### How to read this

Each label represents a question in the survey about negative behaviour.

Each result is the percentage of staff who said they experienced bullying, sexual harassment, discrimination or violence and aggression in the past 12 months.

You can compare these with your comparator and the public sector.

#### Example

In 2022:

- 19% of your staff who did the survey stated they experienced 'Bullying' in the last 12 months which is down from 23% in 2021.

Compared to:

- 20% of staff at your comparator and 11% of staff across the public sector.

### Sexual harassment - reasons for not submitting a formal complaint

#### What this is

This is why staff who experienced sexual harassment chose not to submit a formal complaint.

#### Why this is important

By understanding this, organisations can work out what action to take.

#### How to read this

In the survey, we asked staff to tell us if they'd experienced sexual harassment at work. We then asked them if they submitted a formal complaint. If they did not, they could tell us with one or more answers why not. In descending order, the table shows the top 10 answers.

#### Example

100% of your staff who experienced sexual harassment did not submit a formal complaint, of which:

- 30% said the top reason was 'I believed there would be negative consequences for my career'.

Did you submit a formal complaint?

#### What was your reason for not submitting a formal complaint?

	You 2022	Comparator 2022	Public sector 2022
I believed there would be negative consequences for my career	30%	8%	24%
I didn't think it was serious enough	30%	39%	44%
I didn't think it would make a difference	30%	29%	38%
I believed there would be negative consequences for my reputation	20%	21%	33%
Other	20%	22%	10%
I didn't feel safe to report the incident	10%	6%	10%
I didn't need to because I made the harassment stop	10%	8%	9%

## People outcomes

### Perpetrators of sexual harassment

#### What this is

This is who staff have said are responsible for sexual harassment.

#### Why this is important

Understanding where harassment happens means organisations can work out what action to take.

#### How to read this

In this year's survey, 9% of your staff said they experienced sexual harassment.

If they did, they could tell us with one or more answers who the perpetrator was.

In descending order, the bar chart shows the perpetrators with the largest number of responses.

Each row is one perpetrator or group of perpetrators.

#### Example

9% of your staff who did the survey said they experienced sexual harassment.

Of that 9%, 70% said it was by 'Colleague'.

### 10 people (9% of staff) experienced sexual harassment (You2022)

## People outcomes

### Discrimination

#### What this is

Discrimination is when a person treats, or proposes to treat, a person unfavourably because of their personal characteristics, such as their age or gender, or other attributes.

#### Why this is important

Staff expect to have a safe and inclusive working environment to work in that is free of discrimination.

#### Why there is no data here

We've not published the results for this section because less than 10 people said they experienced discrimination.

We do this to protect the respondents.

## Negative behaviour

### Violence and aggression

#### What this is

This is when staff are abused, threatened or assaulted in a situation related to their work.

#### Why this is important

Violence and aggression can have an immediate and long-term negative impact of those involved, including those who witness violence and aggression.

#### How to read this

In the survey, we asked staff to tell us if they'd experienced violence or aggression.

If they did, they could tell us with one or more answers what they experienced.

In descending order, the table shows the answers.

#### Example

11% of your staff who did the survey said they experienced violence or aggression.

Of that 11%, 77% said it was from 'Abusive language'.

Have you experienced violence or aggression at work in the last 12 months?

#### If you experienced violence or aggression, what type did you experience?

	You 2021	You 2022	Comparator 2022	Public sector 2022
Abusive language	58%	77%	78%	73%
Intimidating behaviour	67%	54%	56%	69%
Threats of violence	17%	38%	22%	27%
Physical assault (e.g. spitting, hitting, punching, pushing, tripping, grabbing, throwing objects)	33%	31%	34%	14%

## Negative behaviour

### Telling someone about violence and aggression

#### What this is

This is who staff told about what violence and aggression they experienced.

#### Why this is important

Understanding this means organisations can plan how to support and protect staff.

#### How to read this

In the survey, we asked staff to tell us if they'd experienced violence or aggression.

If they did, they could tell us with one or more answers who they told.

In descending order, the table shows the answers.

#### Example

11% of your staff who did the survey said they experienced violence or aggression, fo which

- 69% said the top way they reported the violence or aggression was 'Told a manager'
- 62% said they didn't submit a formal incident report.

Have you experienced violence or aggression at work in the last 12 months?

### Did you tell anyone about the incident?

	You 2021	You 2022	Comparator 2022	Public sector 2022
Told a manager	75%	69%	54%	59%
Submitted a formal incident report	33%	38%	44%	26%

## Key differences

### Most improved

#### What this is

This is where staff feel their organisation has most improved.

#### How to read this

Use this data to see if your organisation has a developing or changing trend.

In this table, your trend is shown in the 'Increase from 2021' column.

When you use this data, focus on the increase instead of individual numbers.

This is because the increase from 2021 shows you where the most positive changes are happening in your organisation.

#### Example

On the first row 'Safety climate', the 'You 2022' column shows 79% of your staff agreed with 'Senior leaders consider the psychological health of employees to be as important as productivity'.

In the 'Increase from 2021' column, you have a 5% increase, which is a positive trend.

Question group	Most improved from last year	You 2022	Increase from 2021	Comparator 2022
Safety climate	Senior leaders consider the psychological health of employees to be as important as productivity	79%	+5%	59%

This is where staff feel their organisation has most declined.

#### How to read this

Use this data to see if your organisation has a developing or changing trend.

In this table, your trend is shown in the 'Decrease from 2021' column.

When you use this data, focus on the decrease instead of individual numbers.

This is because the decrease from 2021 shows you where the most negative changes are happening in your organisation.

#### Example

On the first row 'Safety climate', the 'You 2022' column shows 59% of your staff agreed with 'My organisation has effective procedures in place to support employees who may experience stress'.

In the 'Decrease from 2021' column, you have a 11% decrease, which is a negative trend.

Question subgroup	Largest decline from last year	You 2022	Decrease from 2021	Comparator 2022

## Scorecard

### What this is

This scorecard provides overall results for each factor in the organisation climate part of the survey's theoretical framework.

### Why this is important

This page shows which factors are performing well and which factors you can look to improve.

### How to read this

Each label represents a group of questions in the survey about organisational climate.

Each result is the overall percentage of positive responses for your organisation, comparator and public sector.

### Example

In 2022:

- 82% of your staff who did the survey responded positively to questions about Collaboration which is down from 83% in 2021.

Compared to:

- 73% of staff at your comparator and 73% of staff across the public sector.

\*We can't compare some data here because one or more questions were not asked in a previous survey

■ You 2020 ■ You 2021 ■ You 2022 ■ Comparator 2022 ■ Public sector 2022

## Organisational climate

### Organisational integrity 1 of 2

#### What this is

This is how much trust staff have in your organisation's ability to operate, implement policy and deliver services for Victorians.

#### Why this is important

We need the community to have high trust in how we work and what we do.

#### How to read this

Under 'Your results', see results for each question in descending order by most agreed.
