Report overview

About your report

The results in this report help your organisation build a positive workplace culture with integrity that live the public sector values.

Report contents

The visual on the right shows you what sections we've included in this report for your organisation's survey results.

Comparing data in this report

Your organisation took part in the survey in 2020 and 2021.

This means you'll be able to compare about 76% of this year's survey with your previous results.

Rounding of percentages

In this report, we round numbers up or down to their nearest whole percentage.

This means some percentages may not add up to 100%.

Report overview

Survey's theoretical framework

What this is

The framework provides an overview of the workplace factors and outcomes that the survey measures.

Why this is important

Based on theory and research, the framework focuses on core themes that help guide organisations in creating better workplaces.

We developed the framework in consultation with stakeholders from the public sector and Deakin University.

Our public sector values

The public sector values inform the professional and ethical conduct of everyone who works in the public sector.

As such, these values underpin the theoretical framework of the survey.

There's a strong link between workplace culture and how staff perceive their organisation lives the public sector values.

The public sector values that underpin the framework and all public sector organisations

Report overview

Your comparator group

What this is

This is a list of similar organisations to yours.

We try to make sure they're in the same industry your organisation is in.

Some organisations may not have taken part in the survey previously. This means your comparator group may be different to previous years.

How we use this in your report

In this report, we compare your organisation's survey results to your comparator group's results.

This is so you can compare how your organisation is doing in your industry or to similar organisations.

We refer to your comparator group in this report as 'comparator'.

Report overview

Your response rate

What this is

This is how many staff in your organisation did the survey in 2022.

Why this is important

The higher the response rate, the more your results will reflect how staff feel.

If less than 100 completed the survey, consider how much one person could change your results.

For example, if only 25 people did the survey, 1 person would account for 4% of any result.

In this example, if your survey result and comparator group result or previous survey result are within 4% of each other, there is very little difference in the results.

How to read this

The number in the brackets () shows how many staff completed the survey this year.

We've also expressed this as a percentage of all the staff who work in your organisation.

Scorecard: employee engagement index

What this is

Engaged employees are committed to their organisation's goals and values, and motivated to contribute to organisational success.

The employee engagement index is a score out of 100. It is a weighting of all engagement question responses.

The weightings for each engagement response are:

- strongly agree is 100 points
- agree is 75 points
- neither agree nor disagree is 50 points
- disagree is 25 points
- strongly disagree is 0 points

Why this is important

High engagement may lead to greater satisfaction and lower absences, turnover and workplace stress.

Scorecard: satisfaction, stress, intention to stay, inclusion

What this is

This scorecard provides overall results for satisfaction, high to severe work-related stress, intention to stay and inclusion.

There are more people outcomes scorecards throughout this report.

Why this is important

This page shows which outcomes are performing well and which outcomes you can look to improve.

How to read this

Each label represents a group of questions in the survey about people outcomes.

Each result is the overall percentage of positive responses for your organisation, comparator and public sector.

Example

In 2022:

- 58% of your staff who did the survey responded positively to questions about Inclusion.

Compared to:

- 78% of staff at your comparator and 77% of staff across the public sector.

Work-related stress levels

What this is

This is the level of stress experienced by employees in response to work-related factors.

Why this is important

Stress can negatively affect peoples health and wellbeing as well as their performance and behaviour.

How to read this

In this survey we asked staff to tell us their stress level.

The graph at the top shows how staff in your organisation rated their current levels of work-related stress.

The numbers below show the percentage of staff in your organisation who said they experienced high to severe stress in 2022 compared to 2021 and your comparator.

Example

25% of your staff who did the survey said they had high to severe stress in 2022. This is compared to 20% of staff in your comparator group and 25% of staff across the public sector.

People outcomes

Work-related stress causes

What this is

This is the main work-related causes of stress reported by staff.

Why this is important

Stress can negatively affect peoples health and wellbeing as well as their performance and behaviour.

How to read this

In the survey, we ask staff to tell us if they have experienced mild to severe stress at work, as shown in the visual above the table.

If they answer yes, we ask them to tell us what caused the stress. They can select more than one cause.

In descending order, the table shows the top 10 causes.

Example

91% of your staff who did the survey said they experienced mild to severe stress.

Of that 91%, 36% said the top reason was 'Workload'.

Intention to stay

What this is

This is what your staff intend to do with their careers in the near future.

Why this is important

In the public sector, we want to attract, keep, motivate and engage staff.

How to read this

In the survey, we ask staff to tell us how long they intend to work at their organisation.

Example

10% of your staff who did the survey said they intended to work for your organisation for Over 6 months and up to 1 year.

Inclusion question results

What this is

This is how included staff feel in their workplace.

Why this is important

When people feel like they belong, they can bring their true selves and lived experience to their work and workplace. This leads to increased productivity, wellbeing and better outcomes for the community.

How to read this

Under 'Your results', see results for each question in descending order by most agreed.

'Agree' combines responses for agree and strongly agree and 'Disagree' combines responses for disagree and strongly disagree.

Inclusion - Barriers to success

What this is

This is a list of things that staff felt were barriers to their success at work.

Why this is important

These results can show areas of focus for improvement to enable employee success in the workplace.

How to read this

In the survey, we ask staff to tell us if they have experienced any barriers to their success at work and what those barriers were. They can select more than one barrier.

In descending order, the table shows to top 10 answers.

Example

17% of your staff who did the survey said they have experienced barriers to success in the last 12 months due to 'Other'.

Scorecard: emotional effects of work

What this is

This is the level of positive and negative feelings experienced by staff in the 3 months before the survey.

Why this is important

Positive feelings can lead to higher wellbeing and job satisfaction and a lower chance of burnout.

How to read this

Each label represents a question in the survey about emotional effects of work.

Each result is the percentage of staff who said they often, very often or always felt happy, enthusiastic, worried or miserable in the past 3 months.

You can compare these with your comparator and the public sector.

Example

In 2022:

- 43% of your staff who did the survey said work made them feel happy in 2022, which is down from 66% in 2021

People outcomes

Scorecard: negative behaviours

What this is

This is how many staff have experienced negative behaviours at work in the past 12 months.

Why this is important

Negative behaviours can be detrimental to health and wellbeing as well as performance and behaviour.

How to read this

Each label represents a question in the survey about negative behaviour.

Each result is the percentage of staff who said they experienced bullying, sexual harassment, discrimination or violence and aggression in the past 12 months.

You can compare these with your comparator and the public sector.

Example

In 2022:

- 26% of your staff who did the survey stated they experienced 'Bullying' in the last 12 months which is up from 5% in 2021.

Compared to:

- 18% of staff at your comparator and 13% of staff across the public sector.

People outcomes

Bullying

What this is

This is repeated unreasonable behaviour directed at an employee that creates a risk to their health and safety.

Why this is important

Bullying can have an immediate and long-term negative impact on those involved, including those who witness bullying.

How to read this

In the survey, we asked staff to tell us if they'd experienced bullying at work.

If they did, they could tell us with one or more answers what they experienced.

In descending order, the table shows the answers.

Example

26% of your staff who did the survey said they experienced bullying.

Telling someone about the bullying

What this is

This is if staff told someone when they experienced bullying.

Why this is important

By understanding how staff report bullying, organisations can plan how to support and protect staff.

How to read this

In the survey, we asked staff to tell us if they'd experienced bullying at work.

If they did, they could tell us with one or more answers who they told about it.

In descending order, the table shows the answers.

Example

26% of your staff who did the survey said they experienced bullying, of which

- 55% said the top way they reported the bullying was 'Told a colleague'.
- 95% said they didn't submit a formal complaint.

Bullying - reasons for not submitting a formal complaint

What this is

This is why staff who experienced bullying chose not to submit a formal complaint.

Why this is important

By understanding this, organisations can plan how to support staff.

How to read this

In the survey, we asked staff to tell us if they'd experienced bullying at work. We then asked them if they submitted a formal complaint. If they didn't, they could tell us with one or more answers why not. In descending order, the table shows the top 10 answers.

Example

95% of your staff who experienced bullying did not submit a formal complaint, of which:

Perpetrators of bullying

What this is

This is who staff have said are responsible for bullying.

Why this is important

Understanding where bullying happens means organisations can work out what action to take.

How to read this

In this year's survey, 26% of your staff said they experienced bullying.

If they did, they could tell us with one or more answers who the perpetrator was.

In descending order, the bar chart shows the perpetrators with the largest number of responses.

Each row is one perpetrator or group of perpetrators.

Relationship to perpetrator

What this is

This provides further detail on who staff have said are responsible for bullying within your organisation.

Why this is important

Understanding where bullying happens means organisations can work out what action to take.

How to read this

In this year's survey, 26% of your staff said they experienced bullying.

If they experienced bullying from within the organisation, they could tell us their relationship to the perpetrator.

The bar chart shows, in descending order, how many employees linked the bullying to different workplace relationships.

Example

26% of your staff who did the survey said they experienced bullying.

Of that 26%, 100% said it was by someone within the organisation.

Of that 100%, 60% said it was 'They were in my workgroup'.

People outcomes

Sexual harassment

What this is

This is non-consensual or unwelcome sexual behaviour that could cause an employee to feel offended, humiliated or intimidated.

Why this is important

Sexual harassment can have an immediate and long-term negative impact on those involved, including those who witness sexual harassment.

Why there is no data here

We've not published the results for this section because less than 10 people said they experienced sexual harassment.

We do this to protect the respondents.

People outcomes

Discrimination

What this is

Discrimination is when a person treats, or proposes to treat, a person unfavourably because of their personal characteristics, such as their age or gender, or other attributes.

Why this is important

Staff expect to have a safe and inclusive working environment to work in that is free of discrimination.

Why there is no data here

We've not published the results for this section because less than 10 people said they experienced discrimination.

We do this to protect the respondents.

Negative behaviour

Violence and aggression

What this is

This is when staff are abused, threatened or assaulted in a situation related to their work.

Why this is important

Violence and aggression can have an immediate and long-term negative impact of those involved, including those who witness violence and aggression.

How to read this

In the survey, we asked staff to tell us if they'd experienced violence or aggression.

If they did, they could tell us with one or more answers what they experienced.

In descending order, the table shows the answers.

Example

23% of your staff who did the survey said they experienced violence or aggression.

Of that 23%, 72% said it was from 'Intimidating behaviour'.

Violence and aggression - reasons for not submitting a formal incident report

What this is

This is why staff who experienced violence or aggression chose not to submit a formal incident report.

Why this is important

By understanding this, organisations can work out what action to take.

How to read this

In the survey, we asked staff to tell us if they'd experienced violence or aggression at work. We then asked them if they submitted a formal incident report. If they did not, they could tell us with one or more answers why not. In descending order, the table shows the top 10 answers.

Example

72% of your staff who experienced violence or aggression did not submit a formal incident report, of which:

- 46% said the top reason was 'I didn't think it would make a difference'.

Did you submit a formal incident report?

Submitted formal incident report Did not submit a formal incident report

What was your reason for not submitting a formal incident report?

	You 2022	Comparator 2022	Public sector 2022
I didn't think it would make a difference	46%	35%	40%
I believed there would be negative consequences for my reputation	31%	11%	14%
Other	31%	23%	20%
I didn't think it was serious enough	15%	28%	32%
I thought the complaint process would be embarrassing or difficult	15%	2%	4%
I believed there would be negative consequences for my career	8%	5%	10%
I didn't feel safe to report the incident	8%	4%	4%
I didn't need to because I no longer had contact with the person(s) who was aggressive or violent to me	8%	9%	16%

Negative behaviour

Perpetrators of violence and aggression

What this is

This is who staff have said are responsible for violence and aggression.

Why this is important

Understanding this means organisations can plan how to support and protect staff.

How to read this

In the survey, we asked staff to tell us if they'd experienced violence or aggression.

If they did, they could tell us with one or more answers who the perpetrator was.

In descending order, the bar chart shows the perpetrators with the largest number of responses.

Each row is one perpetrator or a group of perpetrators.

Example

23% of your staff who did the survey said they experienced violence or aggression.

Of that 23%, 44% said it was 'Client/ customer/ patient/ stakeholder'.

18 people (23% of staff) experienced violence or aggression (You2022)

People outcomes

Relationship to perpetrator

What this is

This provides further detail on who staff have said are responsible for violence or aggression within your organisation.

Why this is important

Understanding where violence or aggression happens means organisations can work out what action to take.

How to read this

In this year's survey, 23% of your staff said they experienced violence or aggression.

If they experienced violence or aggression from within the organisation, they could tell us their relationship to the perpetrator.

The bar chart shows, in descending order, how many employees linked the violence or aggression to different workplace relationships.

Example

23% of your staff who did the survey said they experienced violence or aggression.

Of that 23%, 56% said it was by someone within the organisation.

Of that 56%, 60% said it was 'They were outside my workgroup'.

10 people (56% of staff who experienced violence or aggression) experienced violence or aggression from within your organisation (You2022)

Workgroup support	People in my workgroup treat each other with respect	70%	-9%	74%

Key differences

Lowest scoring questions

What this is

These are the questions your organisation had the lowest agreement or satisfaction with in 2022.

How to read this

Use this data to see where your organisation has the lowest agreement or satisfaction with questions from the 2022 survey.

In this table, your score for this year is shown in the 'you 2022 column'.

You can also compare your 2022 scores against your 2021 scores and your 2022 comparator group.

Example

On the first row 'Taking action', the 'You 2022' column shows 13% of your staff agreed with 'My organisation has made improvements based on the survey results from last year'.

This question was not asked in 2021.

Question subgroup	Lowest scoring questions	You 2022	Change from 2021	Comparator 2022
Taking action	My organisation has made improvements based on the survey results from last year	13%	Not asked in 2021	36%

Organisational integrity	I have an equal chance at promotion in my organisation	34%	Not asked in 2021	55%
Safety climate	Senior leaders consider the psychological health of employees to be as important as productivity	34%	-29%	62%
Senior leadership	Senior leaders provide clear strategy and direction	34%	-30%	63%
Learning and development	My organisation places a high priority on the learning and development of staff	35%	-35%	64%

Key differences

Most improved

What this is

This is where staff feel their organisation has most improved.

How to read this

Use this data to see if your organisation has a developing or changing trend.

In this table, your trend is shown in the 'Increase from 2021' column.

When you use this data, focus on the increase instead of individual numbers.

This is because the increase from 2021 shows you where the most positive changes are happening in your organisation.

As there is no improvement in your results, we have no data to show on this page.

Key differences

Most declined

What this is

This is where staff feel their organisation has most declined.

How to read this

Use this data to see if your organisation has a developing or changing trend.

In this table, your trend is shown in the 'Decrease from 2021' column.

When you use this data, focus on the decrease instead of individual numbers.

This is because the decrease from 2021 shows you where the most negative changes are happening in your organisation.

Example

On the first row 'Engagement', the 'You 2022' column shows 35% of your staff agreed with 'I would recommend my organisation as a good place to work'. In the 'Decrease from 2021' column, you have a 50% decrease, which is a negative trend.

Question subgroup	Largest decline from last year	You 2022	Decrease from 2021	Comparator 2022
Engagement	I would recommend my organisation as a good place to work	35%	-50%	70%
Engagement	I am proud to tell others I work for my organisation	38%	-48%	77%
Senior leadership	Senior leaders model my organisation's values	35%	-45%	67%
Patient safety climate	I would recommend a friend or relative to be treated as a patient here	37%	-45%	77%
Engagement	My organisation motivates me to help achieve its objectives	35%	-42%	67%
Satisfaction	How satisfied are you with the work/life balance in your current job	48%	-40%	69%
Engagement	My organisation inspires me to do the best in my job	36%	-39%	69%
Organisational integrity	My organisation takes steps to eliminate bullying, harassment and discrimination	36%	-39%	65%
Safety climate	In my workplace, there is good communication about psychological safety issues that affect me	30%	-39%	53%
Engagement	I feel a strong personal attachment to my organisation	35%	-35%	67%

Key differences

Biggest positive difference from comparator

What this is

This is where your staff have agreed more to a question compared to staff at similar organisations.

How to read this

Use this data to see where your organisation has the biggest positive difference with questions from the 2022 survey compared to your comparator group.

In this table, the difference to your comparator is shown in the 'difference' column.

As there is no positive difference from your comparator, we have no data to show on this page.

Key differences

Biggest negative difference from comparator

What this is

This is where your staff have agreed less to a question compared to staff at similar organisations.

How to read this

Use this data to see where your organisation has the biggest negative difference with questions from the 2022 survey compared to your comparator group.

In this table, the difference to your comparator is shown in the 'difference' column.

Example

On the first row 'Patient safety climate', the 'You2022' column shows 37% of your staff agreed with 'I would recommend a friend or relative to be treated as a patient here'.

The 'difference' column, shows that agreement for this question was 40 percentage points lower in your organisation than in your comparator.

Scorecard

What this is

This scorecard provides overall results for each factor in the organisation climate part of the survey's theoretical framework.

Why this is important

This page shows which factors are performing well and which factors you can look to improve.

How to read this

Each label represents a group of questions in the survey about organisational climate.

Each result is the overall percentage of positive responses for your organisation, comparator and public sector.

Example

In 2022:

- 49% of your staff who did the survey responded positively to questions about Collaboration which is down from 80% in 2021.

Compared to:

- 75% of staff at your comparator and 73% of staff across the public sector.

*We can't compare some data here because one or more questions were not asked in a previous survey

■ You 2020 ■ You 2021 ■ You 2022 ■ Comparator 2022 ■ Public sector 2022

Human rights

What this is

Human rights is how your staff feel their organisation upholds basic human rights.

Why this is important

Using the Victorian Charter of Human Rights, organisations must consider human rights in how they work and act.

How to read this

Under 'Your results', see results for each question in descending order by most agreed.

'Agree' combines responses for agree and strongly agree and 'Disagree' combines responses for disagree and strongly disagree.

Under 'Benchmark results', compare your comparator groups overall, lowest and highest scores with your own.

Example

75% of staff who did the survey agreed or strongly agreed with 'I understand how the Charter of Human Rights and Responsibilities applies to my work'.
