About your report

The results in this report help your organisation build a positive workplace culture with integrity that live the public sector values.

Report contents

The visual on the right shows you what sections we've included in this report for your organisation's survey results.

Comparing data in this report

Your organisation took part in the survey in 2021 and 2022.

This means you'll be able to compare about 93% of this year's survey with your previous results.

Rounding of percentages

In this report, we round numbers up or down to their nearest whole percentage.

This means some percentages may not add up to 100%.

Report overview

Survey's theoretical framework

What this is

The framework provides an overview of the workplace factors and outcomes that the survey measures.

Why this is important

Based on theory and research, the framework focuses on core themes that help guide organisations in creating better workplaces.

We developed the framework in consultation with stakeholders from the public sector and Deakin University.

Our public sector values

The public sector values inform the professional and ethical conduct of everyone who works in the public sector.

As such, these values underpin the theoretical framework of the survey.

There's a strong link between workplace culture and how staff perceive their organisation lives the public sector values.

The public sector values that underpin the framework and all public sector organisations

Report overview

Your comparator group

What this is

This is a list of similar organisations to yours.

We try to make sure they're in the same industry your organisation is in.

Some organisations may not have taken part in the survey previously. This means your comparator group may be different to previous years.

How we use this in your report

In this report, we compare your organisation's survey results to your comparator group's results.

This is so you can compare how your organisation is doing in your industry or to similar organisations.

We refer to your comparator group in this report as 'comparator'.

Report overview

Your response rate

What this is

This is how many staff in your organisation did the survey in 2023.

Why this is important

The higher the response rate, the more your results will reflect how staff feel.

If less than 100 completed the survey, consider how much one person could change your results.

For example, if only 25 people did the survey, 1 person would account for 4% of any result.

In this example, if your survey result and comparator group result or previous survey result are within 4% of each other, there is very little difference in the results.

How to read this

The number in the brackets () shows how many staff completed the survey this year.

We've also expressed this as a percentage of all the staff who work in your organisation.

Scorecard: employee engagement index

What this is

Engaged employees are committed to their organisation's goals and values, and motivated to contribute to organisational success.

The employee engagement index is a score out of 100. It is a weighting of all engagement question responses.

The weightings for each engagement response are:

- strongly agree is 100 points
- agree is 75 points
- neither agree nor disagree is 50 points
- disagree is 25 points
- strongly disagree is 0 points

Why this is important

High engagement may lead to greater satisfaction and lower absences, turnover and workplace stress.

What this is

This is where staff feel their organisation has most improved.

How to read this

Use this data to see if your organisation has a developing or changing trend.

In this table, your trend is shown in the 'Increase from 2022' column.

When you use this data, focus on the increase instead of individual numbers.

This is because the increase from 2022 shows you where the most positive changes are happening in your organisation.

Example

On the first row 'Learning and development', the 'You2023' column shows 60% of your staff agreed with 'I am satisfied with the way my learning and development needs have been addressed in the last 12 months'.

In the 'Increase from 2022' column, you have a 7% increase, which is a positive trend.

Question group	Most improved from last year	You 2023	Increase from 2022	Comparator 2023
Learning and development	I am satisfied with the way my learning and development needs have been addressed in the last 12 months	60%	+7%	64%

Manager support	My manager gives me feedback that helps me improve my performance	67%	+5%	70%
Organisational integrity	I believe the recruitment processes in my organisation are fair	60%	+5%	66%

Key differences

Most declined

What this is

This is where staff feel their organisation has most declined.

How to read this

Use this data to see if your organisation has a developing or changing trend.

In this table, your trend is shown in the 'Decrease from 2022' column.

When you use this data, focus on the decrease instead of individual numbers.

This is because the decrease from 2022 shows you where the most negative changes are happening in your organisation.

Example

On the first row 'Organisational integrity', the 'You 2023' column shows 74% of your staff agreed with 'My organisation is committed to earning a high level of public trust'.

In the 'Decrease from 2022' column, you have a 2% decrease, which is a negative trend.

Question subgroup	Largest decline from last year	You 2023	Decrease from 2022	Comparator 2023
Organisational integrity	My organisation is committed to earning a high level of public trust	74%	-2%	80%
