## Report overview

### About your report

The results in this report help your organisation build a positive workplace culture with integrity that live the public sector values.

### Report contents

The visual on the right shows you what sections we've included in this report for your organisation's survey results.

### Comparing data in this report

Your organisation took part in the survey in 2021 and 2022.

This means you'll be able to compare about 93% of this year's survey with your previous results.

### Rounding of percentages

In this report, we round numbers up or down to their nearest whole percentage.

This means some percentages may not add up to 100%.

## Report overview

### Survey's theoretical framework

#### What this is

The framework provides an overview of the workplace factors and outcomes that the survey measures.

#### Why this is important

Based on theory and research, the framework focuses on core themes that help guide organisations in creating better workplaces.

We developed the framework in consultation with stakeholders from the public sector and Deakin University.

#### Our public sector values

The public sector values inform the professional and ethical conduct of everyone who works in the public sector.

As such, these values underpin the theoretical framework of the survey.

There's a strong link between workplace culture and how staff perceive their organisation lives the public sector values.

### The public sector values that underpin the framework and all public sector organisations

## Report overview

### Your comparator group

#### What this is

This is a list of similar organisations to yours.

We try to make sure they're in the same industry your organisation is in.

Some organisations may not have taken part in the survey previously. This means your comparator group may be different to previous years.

#### How we use this in your report

In this report, we compare your organisation's survey results to your comparator group's results.

This is so you can compare how your organisation is doing in your industry or to similar organisations.

We refer to your comparator group in this report as 'comparator'.

## Report overview

### Your response rate

#### What this is

This is how many staff in your organisation did the survey in 2023.

#### Why this is important

The higher the response rate, the more your results will reflect how staff feel.

If less than 100 completed the survey, consider how much one person could change your results.

For example, if only 25 people did the survey, 1 person would account for 4% of any result.

In this example, if your survey result and comparator group result or previous survey result are within 4% of each other, there is very little difference in the results.

#### How to read this

The number in the brackets ( ) shows how many staff completed the survey this year.

We've also expressed this as a percentage of all the staff who work in your organisation.

### Scorecard: employee engagement index

#### What this is

Engaged employees are committed to their organisation's goals and values, and motivated to contribute to organisational success.

The employee engagement index is a score out of 100. It is a weighting of all engagement question responses.

The weightings for each engagement response are:

- strongly agree is 100 points
- agree is 75 points
- neither agree nor disagree is 50 points
- disagree is 25 points
- strongly disagree is 0 points

#### Why this is important

High engagement may lead to greater satisfaction and lower absences, turnover and workplace stress.

### Perpetrators of sexual harassment

#### What this is

This is who staff have said are responsible for sexual harassment.

#### Why this is important

Understanding where harassment happens means organisations can work out what action to take.

#### How to read this

In this year's survey, 6% of your staff said they experienced sexual harassment.

If they did, they could tell us with one or more answers who the perpetrator was.

In descending order, the bar chart shows the perpetrators with the largest number of responses.

Each row is one perpetrator or group of perpetrators.

#### Example

6% of your staff who did the survey said they experienced sexual harassment.

Of that 6%, 38% said it was by 'Client/customer/patient/stakeholder'.

### 13 people (6% of staff) experienced sexual harassment (You2023)

## People outcomes

### Frequency of sexual harassment

#### What this is

This is how often staff experienced sexual harassment.

#### Why this is important

Understanding the frequency staff experienced sexual harassment may help organisations work out what action to take.

#### How to read this

In this year's survey, 6% of your staff said they experienced sexual harassment. If they did, they could tell us how often they experienced this behaviour.

The graph shows how often staff were experiencing sexual harassment.

#### Example

## People outcomes

### Discrimination

#### What this is

Discrimination is when a person treats, or proposes to treat, a person unfavourably because of their personal characteristics, such as their age or gender, or other attributes.

#### Why this is important

Staff expect to have a safe and inclusive working environment to work in that is free of discrimination.

#### Why there is no data here

We've not published the results for this section because less than 10 people said they experienced discrimination.

We do this to protect the respondents.

## Negative behaviour

### Violence and aggression

#### What this is

This is when staff are abused, threatened or assaulted in a situation related to their work.

#### Why this is important

Violence and aggression can have an immediate and long-term negative impact of those involved, including those who witness violence and aggression.

#### How to read this

In the survey, we asked staff to tell us if they'd experienced violence or aggression. If they did, they could tell us with one or more answers what they experienced. In descending order, the table shows the answers.

#### Example

## Negative behaviour

### Witnessing negative behaviours

#### What this is

This is where staff witnessed people acting in a negative way against a colleague.

#### Why this is important

Witnessing negative behaviour can still have a negative impact on the person, as it does on the victim.

#### How to read this

In the survey, we asked staff to tell us if they'd witnessed any negative behaviour at work.

They could tell us with one or more answers if they witnessed negative behaviour and what type they witnessed.

In descending order, the table shows the answers.

#### Example

27% of your staff who did the survey said they witnessed some negative behaviour at work.

73% said they witnessed No, I have not witnessed any of the situations above'.

## Negative behaviour

### Taking action when witnessing negative behaviours

#### What this is

This is what your staff did when they witnessed negative behaviour at work.

#### Why this is important

What staff do when they witness negative behaviour may help organisations understand what support their staff need.

#### How to read this

In the survey, we asked staff to tell us if they'd witnessed any negative behaviour at work.

If they did, they could tell us with one or more answers what action they took.

The table shows the answers in descending order.

#### Example

27% of your staff who did the survey witnessed negative behaviour, of which:

- 67% said the top action they took was 'Spoke to the person who experienced the behaviour'.
- 9% took no action.

Have you witnessed any negative behaviour at work in the last 12 months?
