About your report

The results in this report help your organisation build a positive workplace culture with integrity that live the public sector values.

Report contents

The visual on the right shows you what sections we've included in this report for your organisation's survey results.

Comparing data in this report

Your organisation took part in the survey in 2021 and 2022.

This means you'll be able to compare about 91% of this year's survey with your previous results.

Rounding of percentages

In this report, we round numbers up or down to their nearest whole percentage.

This means some percentages may not add up to 100%.

Report overview

Survey's theoretical framework

What this is

The framework provides an overview of the workplace factors and outcomes that the survey measures.

Why this is important

Based on theory and research, the framework focuses on core themes that help guide organisations in creating better workplaces.

We developed the framework in consultation with stakeholders from the public sector and Deakin University.

Our public sector values

The public sector values inform the professional and ethical conduct of everyone who works in the public sector.

As such, these values underpin the theoretical framework of the survey.

There's a strong link between workplace culture and how staff perceive their organisation lives the public sector values.

The public sector values that underpin the framework and all public sector organisations

Report overview

Your comparator group

What this is

This is a list of similar organisations to yours.

We try to make sure they're in the same industry your organisation is in.

Some organisations may not have taken part in the survey previously. This means your comparator group may be different to previous years.

How we use this in your report

In this report, we compare your organisation's survey results to your comparator group's results.

This is so you can compare how your organisation is doing in your industry or to similar organisations.

We refer to your comparator group in this report as 'comparator'.

Report overview

Your response rate

What this is

This is how many staff in your organisation did the survey in 2023.

Why this is important

The higher the response rate, the more your results will reflect how staff feel.

If less than 100 completed the survey, consider how much one person could change your results.

For example, if only 25 people did the survey, 1 person would account for 4% of any result.

In this example, if your survey result and comparator group result or previous survey result are within 4% of each other, there is very little difference in the results.

How to read this

The number in the brackets () shows how many staff completed the survey this year.

We've also expressed this as a percentage of all the staff who work in your organisation.

Scorecard: employee engagement index

What this is

Engaged employees are committed to their organisation's goals and values, and motivated to contribute to organisational success.

The employee engagement index is a score out of 100. It is a weighting of all engagement question responses.

The weightings for each engagement response are:

- strongly agree is 100 points
- agree is 75 points
- neither agree nor disagree is 50 points
- disagree is 25 points
- strongly disagree is 0 points

Why this is important

High engagement may lead to greater satisfaction and lower absences, turnover and workplace stress.

Scorecard: satisfaction, stress, intention to stay, inclusion

What this is

This scorecard provides overall results for satisfaction, high to severe work-related stress, intention to stay and inclusion.

There are more people outcomes scorecards throughout this report.

Why this is important

This page shows which outcomes are performing well and which outcomes you can look to improve.

How to read this

Each label represents a group of questions in the survey about people outcomes.

Each result is the overall percentage of positive responses for your organisation, comparator and public sector.

Example

In 2023:

- 78% of your staff who did the survey responded positively to questions about Inclusion which is down from 80% in 2022.

Compared to:

- 79% of staff at your comparator and 78% of staff across the public sector.

Work-related stress levels

What this is

This is the level of stress experienced by employees in response to work-related factors.

Why this is important

Stress can negatively affect peoples health and wellbeing as well as their performance and behaviour.

How to read this

In this survey we asked staff to tell us their stress level.

The graph at the top shows how staff in your organisation rated their current levels of work-related stress.

The numbers below show the percentage of staff in your organisation who said they experienced high to severe stress in 2023 compared to 2022 and your comparator.

Example

22% of your staff who did the survey said they had high to severe stress in 2023. This is compared to 25% of staff in your comparator group and 25% of staff across the public sector.

Work-related stress causes

What this is

This is the main work-related causes of stress reported by staff.

Why this is important

Stress can negatively affect peoples health and wellbeing as well as their performance and behaviour.

How to read this

In the survey, we ask staff to tell us if they have experienced mild to severe stress at work, as shown in the visual above the table.

If they answer yes, we ask them to tell us what caused the stress. They can select more than one cause.

In descending order, the table shows the top 10 causes.

What this is

This is how many staff have experienced negative behaviours at work in the past 12 months.

Why this is important

Negative behaviours can be detrimental to health and wellbeing as well as performance and behaviour.

How to read this

Each label represents a question in the survey about negative behaviour.

Each result is the percentage of staff who said they experienced bullying, sexual harassment, discrimination or violence and aggression in the past 12 months.

You can compare these with your comparator and the public sector.

Example

In 2023:

- 12% of your staff who did the survey stated they experienced 'Bullying' in the last 12 months which is up from 10% in 2022.

Sexual harassment

What this is

This is non-consensual or unwelcome sexual behaviour that could cause an employee to feel offended, humiliated or intimidated.

Why this is important

Sexual harassment can have an immediate and long-term negative impact on those involved, including those who witness sexual harassment.

Why there is no data here

We've not published the results for this section because less than 10 people said they experienced sexual harassment.

We do this to protect the respondents.

Discrimination - reasons for not submitting a formal complaint

What this is

This is why staff who experienced discrimination chose not to submit a formal complaint.

Why this is important

By understanding this, organisations can work out what action to take.

How to read this

In the survey, we asked staff to tell us if they'd experienced discrimination at work. We then asked them if they submitted a formal complaint. If they did not, they could tell us with one or more answers why not. In descending order, the table shows the top 10 answers.

Example

92% of your staff who experienced discrimination did not submit a formal complaint, of which:

- 67% said the top reason was 'I didn't think it would make a difference'.

Did you submit a formal complaint?

What was your reason for not submitting a formal complaint?	You 2022	You 2023	Comparator 2023	Public sector 2023

Perpetrators of discrimination

What this is

This is who staff have said are responsible for discrimination.

Why this is important

Understanding where discrimination happens means organisations can work out what action to take.

How to read this

In this year's survey, 4% of your staff said they experienced discrimination.

If they did, they could tell us with one or more answers who the perpetrator was.

In descending order, the bar chart shows the perpetrators with the largest number of responses.

Each row is one perpetrator or group of perpetrators.

Example

4% of your staff who did the survey said they experienced discrimination.

Of that 4%, 62% said it was by 'A manager or supervisor'.

13 people (4% of staff) experienced discrimination (You2023)

What this is

This provides further detail on who staff have said are responsible for discrimination within your organisation.

Why this is important

Understanding where discrimination happens means organisations can work out what action to take.

How to read this

In this year's survey, 4% of your staff said they experienced discrimination.

If they experienced discrimination from within the organisation, they could tell us their relationship to the perpetrator.

The bar chart shows, in descending order, how many employees linked the discrimination to different workplace relationships.

Example

4% of your staff who did the survey said they experienced discrimination.

Of that 4%, 92% said it was by someone within the organisation.

Of that 92%, 42% said it was 'They were my immediate manager or supervisor'.

12 people (92% of staff who experienced discrimination) experienced discrimination from within your organisation (You2023)

Negative behaviour

Violence and aggression

What this is

This is when staff are abused, threatened or assaulted in a situation related to their work.

Why this is important

Violence and aggression can have an immediate and long-term negative impact of those involved, including those who witness violence and aggression.

How to read this

In the survey, we asked staff to tell us if they'd experienced violence or aggression.

If they did, they could tell us with one or more answers what they experienced.

In descending order, the table shows the answers.

Example

8% of your staff who did the survey said they experienced violence or aggression.

Of that 8%, 65% said it was from 'Intimidating behaviour'.

Negative behaviour

Witnessing negative behaviours

What this is

This is where staff witnessed people acting in a negative way against a colleague.

Why this is important

Witnessing negative behaviour can still have a negative impact on the person, as it does on the victim.

How to read this

In the survey, we asked staff to tell us if they'd witnessed any negative behaviour at work.

They could tell us with one or more answers if they witnessed negative behaviour and what type they witnessed.

In descending order, the table shows the answers.

Example

19% of your staff who did the survey said they witnessed some negative behaviour at work.

81% said they witnessed 'No, I have not witnessed any of the situations above'.

Have you witnessed any negative behaviour at work in the last 12 months?

During the last 12 months in your current organisation, have you witnessed any of the following negative behaviours at work?

What this is

This is where staff feel their organisation has most improved.

How to read this

Use this data to see if your organisation has a developing or changing trend.

In this table, your trend is shown in the 'Increase from 2022' column.

When you use this data, focus on the increase instead of individual numbers.

This is because the increase from 2022 shows you where the most positive changes are happening in your organisation.

Example

On the first row 'Learning and development', the 'You 2023' column shows 56% of your staff agreed with 'I am satisfied with the way my learning and development needs have been addressed in the last 12 months'.

In the 'Increase from 2022' column, you have a 7% increase, which is a positive trend.

Question group	Most improved from last year	You 2023	Increase from 2022	Comparator 2023

What this is

This is where staff feel their organisation has most declined.

How to read this

Use this data to see if your organisation has a developing or changing trend.

In this table, your trend is shown in the 'Decrease from 2022' column.

When you use this data, focus on the decrease instead of individual numbers.

This is because the decrease from 2022 shows you where the most negative changes are happening in your organisation.

Example

On the first row 'Organisational integrity', the 'You 2023' column shows 67% of your staff agreed with 'My organisation is committed to earning a high level of public trust'.

In the 'Decrease from 2022' column, you have a 10% decrease, which is a negative trend.

Taking action

What this is

This is how well staff feel their organisation takes action and makes improvements from your survey results.

Why this is important

If your organisation takes action as a result of survey results, your staff may feel their feedback is valuable.

How to read this

Under 'Your results', see results for each question in descending order by most agreed.

'Agree' combines responses for agree and strongly agree and 'Disagree' combines responses for disagree and strongly disagree.

Under 'Benchmark results', compare your comparator groups overall, lowest and highest scores with your own.

Example

54% of your staff who did the survey agreed or strongly agreed with 'I believe my organisation will make improvements based on the results of this survey'.

Senior leadership

Senior leadership

What this is

This is how supported staff feel by senior leaders in their organisation and how well they believe senior leaders communicate.

Why this is important

Supportive senior leaders who communicate well mean staff may feel more connected to their work and organisation.
