## Report overview

### About your report

The results in this report help your organisation build a positive workplace culture with integrity that live the public sector values.

### Report contents

The visual on the right shows you what sections we've included in this report for your organisation's survey results.

### Comparing data in this report

Your organisation took part in the survey in 2021 and 2022.

This means you'll be able to compare about 91% of this year's survey with your previous results.

### Rounding of percentages

In this report, we round numbers up or down to their nearest whole percentage.

This means some percentages may not add up to 100%.

## Report overview

### Survey's theoretical framework

#### What this is

The framework provides an overview of the workplace factors and outcomes that the survey measures.

#### Why this is important

Based on theory and research, the framework focuses on core themes that help guide organisations in creating better workplaces.

We developed the framework in consultation with stakeholders from the public sector and Deakin University.

#### Our public sector values

The public sector values inform the professional and ethical conduct of everyone who works in the public sector.

As such, these values underpin the theoretical framework of the survey.

There's a strong link between workplace culture and how staff perceive their organisation lives the public sector values.

### The public sector values that underpin the framework and all public sector organisations

## Report overview

### Your comparator group

#### What this is

This is a list of similar organisations to yours.

We try to make sure they're in the same industry your organisation is in.

Some organisations may not have taken part in the survey previously. This means your comparator group may be different to previous years.

#### How we use this in your report

In this report, we compare your organisation's survey results to your comparator group's results.

This is so you can compare how your organisation is doing in your industry or to similar organisations.

We refer to your comparator group in this report as 'comparator'.

## Report overview

### Your response rate

#### What this is

This is how many staff in your organisation did the survey in 2023.

#### Why this is important

The higher the response rate, the more your results will reflect how staff feel.

If less than 100 completed the survey, consider how much one person could change your results.

For example, if only 25 people did the survey, 1 person would account for 4% of any result.

In this example, if your survey result and comparator group result or previous survey result are within 4% of each other, there is very little difference in the results.

#### How to read this

The number in the brackets ( ) shows how many staff completed the survey this year.

We've also expressed this as a percentage of all the staff who work in your organisation.

### Scorecard: employee engagement index

#### What this is

Engaged employees are committed to their organisation's goals and values, and motivated to contribute to organisational success.

The employee engagement index is a score out of 100. It is a weighting of all engagement question responses.

The weightings for each engagement response are:

- strongly agree is 100 points
- agree is 75 points
- neither agree nor disagree is 50 points
- disagree is 25 points
- strongly disagree is 0 points

#### Why this is important

High engagement may lead to greater satisfaction and lower absences, turnover and workplace stress.

### Most improved

#### What this is

This is where staff feel their organisation has most improved.

#### How to read this

Use this data to see if your organisation has a developing or changing trend.

In this table, your trend is shown in the 'Increase from 2022' column.

When you use this data, focus on the increase instead of individual numbers.

This is because the increase from 2022 shows you where the most positive changes are happening in your organisation.

#### Example

On the first row 'Manager support', the 'You 2023' column shows 79% of your staff agreed with 'My manager listens to what I have to say'.

In the 'Increase from 2022' column, you have a 16% increase, which is a positive trend.

## Key differences

### Most declined

#### What this is

This is where staff feel their organisation has most declined.

#### How to read this

Use this data to see if your organisation has a developing or changing trend.

In this table, your trend is shown in the 'Decrease from 2022' column.

When you use this data, focus on the decrease instead of individual numbers.

This is because the decrease from 2022 shows you where the most negative changes are happening in your organisation.

#### Example

On the first row 'Human rights', the 'You 2023' column shows 77% of your staff agreed with 'I understand how the Charter of Human Rights and Responsibilities applies to my work'.

In the 'Decrease from 2022' column, you have a 7% decrease, which is a negative trend.

Question subgroup	Largest decline from last year	You 2023	Decrease from 2022	Comparator 2023
Human rights	I understand how the Charter of Human Rights and Responsibilities applies to my work	77%	-7%	86%

# Organisational climate

## Scorecard

### What this is

This scorecard provides overall results for each factor in the organisation climate part of the survey's theoretical framework.

### Why this is important

This page shows which factors are performing well and which factors you can look to improve.

### How to read this

Each label represents a group of questions in the survey about organisational climate.

Each result is the overall percentage of positive responses for your organisation, comparator and public sector.

### Example

In 2023:

- 65% of your staff who did the survey responded positively to questions about Collaboration which is down from 66% in 2022.

Compared to:

- 76% of staff at your comparator and 73% of staff across the public sector.

\*We can't compare some data here because one or more questions were not asked in a previous survey

■ You 2021 ■ You 2022 ■ You 2023 ■ Comparator 2023 ■ Public sector 2023

## Organisational climate

### Organisational integrity 1 of 2
