About your report

The results in this report help your organisation build a positive workplace culture with integrity that live the public sector values.

Report contents

The visual on the right shows you what sections we've included in this report for your organisation's survey results.

Comparing data in this report

Your organisation took part in the survey in 2021 and 2022.

This means you'll be able to compare about 93% of this year's survey with your previous results.

Rounding of percentages

In this report, we round numbers up or down to their nearest whole percentage.

This means some percentages may not add up to 100%.

Report overview

Survey's theoretical framework

What this is

The framework provides an overview of the workplace factors and outcomes that the survey measures.

Why this is important

Based on theory and research, the framework focuses on core themes that help guide organisations in creating better workplaces.

We developed the framework in consultation with stakeholders from the public sector and Deakin University.

Our public sector values

The public sector values inform the professional and ethical conduct of everyone who works in the public sector.

As such, these values underpin the theoretical framework of the survey.

There's a strong link between workplace culture and how staff perceive their organisation lives the public sector values.

The public sector values that underpin the framework and all public sector organisations

Report overview

Your comparator group

What this is

This is a list of similar organisations to yours.

We try to make sure they're in the same industry your organisation is in.

Some organisations may not have taken part in the survey previously. This means your comparator group may be different to previous years.

How we use this in your report

In this report, we compare your organisation's survey results to your comparator group's results.

This is so you can compare how your organisation is doing in your industry or to similar organisations.

We refer to your comparator group in this report as 'comparator'.

Report overview

Your response rate

What this is

This is how many staff in your organisation did the survey in 2023.

Why this is important

The higher the response rate, the more your results will reflect how staff feel.

If less than 100 completed the survey, consider how much one person could change your results.

For example, if only 25 people did the survey, 1 person would account for 4% of any result.

In this example, if your survey result and comparator group result or previous survey result are within 4% of each other, there is very little difference in the results.

How to read this

The number in the brackets () shows how many staff completed the survey this year.

We've also expressed this as a percentage of all the staff who work in your organisation.

Scorecard: employee engagement index

What this is

Engaged employees are committed to their organisation's goals and values, and motivated to contribute to organisational success.

The employee engagement index is a score out of 100. It is a weighting of all engagement question responses.

The weightings for each engagement response are:

- strongly agree is 100 points
- agree is 75 points
- neither agree nor disagree is 50 points
- disagree is 25 points
- strongly disagree is 0 points

Why this is important

High engagement may lead to greater satisfaction and lower absences, turnover and workplace stress.

Response to sexual harassment

What this is

This is how staff responded when they experienced sexual harassment.

Why this is important

How staff respond when they experience sexual harassment may help organisations work out what action they need to take.

How to read this

In the survey, we asked staff to tell us if they'd experienced sexual harassment at work.

If they did, they could tell us with one or more answers how they responded.

In descending order, the table shows the top 10 responses.

Example

7% of your staff who did the survey said they experienced sexual harassment. Of those, 39% said their top response was 'Told the person the behaviour was not OK'.

Have you experienced sexual harassment at work in the last 12 months?

Key differences

Most improved

What this is

This is where staff feel their organisation has most improved.

How to read this

Use this data to see if your organisation has a developing or changing trend.

In this table, your trend is shown in the 'Increase from 2022' column.

When you use this data, focus on the increase instead of individual numbers.

This is because the increase from 2022 shows you where the most positive changes are happening in your organisation.

Example

On the first row 'Patient safety climate', the 'You 2023' column shows 62% of your staff agreed with 'This health service does a good job of training new and existing staff'. In the 'Increase from 2022' column, you have a 10% increase, which is a positive trend.

Question group	Most improved from last year	You 2023	Increase from 2022	Comparator 2023
Patient safety climate	This health service does a good job of training new and existing staff	62%	+10%	62%
Learning and development	I am satisfied with the way my learning and development needs have been addressed in the last 12 months	66%	+10%	64%
Taking action	My organisation has made improvements based on the survey results from last year	34%	+9%	32%
Learning and development	My organisation places a high priority on the learning and development of staff	64%	+9%	64%
Patient safety climate	Patient care errors are handled appropriately in my work area	73%	+8%	71%
Patient safety climate	Trainees in my discipline are adequately supervised	68%	+8%	66%
Taking action	I believe my organisation will make improvements based on the results of this survey	53%	+7%	51%
Workload	The workload I have is appropriate for the job that I do	57%	+7%	59%
Learning and development	I am satisfied with the opportunities to progress in my organisation	58%	+6%	55%
Inclusion	I feel as if I belong at this organisation	77%	+6%	75%

Key differences

Most declined

What this is

This is where staff feel their organisation has most declined.

How to read this

Use this data to see if your organisation has a developing or changing trend.

In this table, your trend is shown in the 'Decrease from 2022' column.

When you use this data, focus on the decrease instead of individual numbers.

This is because the decrease from 2022 shows you where the most negative changes are happening in your organisation.

Example

As there is no decline in your results, we have no data to show on this page.

Key differences

Biggest positive difference from comparator

What this is

This is where your staff have agreed more to a question compared to staff at similar organisations.

How to read this

Use this data to see where your organisation has the biggest positive difference with questions from the 2023 survey compared to your comparator group.

In this table, the difference to your comparator is shown in the 'difference' column.

Example

On the first row 'Other questions', the 'You 2023' column shows 100% of your staff agreed with 'I am confident that if I requested to go on secondment to support urgent government work, it would be given due consideration'.

The 'difference' column, shows that agreement for this question was 50 percentage points higher in your organisation than in your comparator.

Question group	Biggest positive difference from comparator	You 2023	Difference	Comparator 2023

Taking action

What this is

This is how well staff feel their organisation takes action and makes improvements from your survey results.

Why this is important

If your organisation takes action as a result of survey results, your staff may feel their feedback is valuable.

How to read this

Under 'Your results', see results for each question in descending order by most agreed.

'Agree' combines responses for agree and strongly agree and 'Disagree' combines responses for disagree and strongly disagree.

Under 'Benchmark results', compare your comparator groups overall, lowest and highest scores with your own.

Example

Organisational climate

Scorecard

What this is

This scorecard provides overall results for each factor in the organisation climate part of the survey's theoretical framework.

Why this is important

This page shows which factors are performing well and which factors you can look to improve.

How to read this

Each label represents a group of questions in the survey about organisational climate.

Each result is the overall percentage of positive responses for your organisation, comparator and public sector.

Example

In 2023:

- 78% of your staff who did the survey responded positively to questions about Collaboration which is up from 75% in 2022.

Compared to:

- 77% of staff at your comparator and 73% of staff across the public sector.

*We can't compare some data here because one or more questions were not asked in a previous survey
