Report overview

Survey's theoretical framework

What this is

The framework provides an overview of the workplace factors and outcomes that the survey measures.

Why this is important

Based on theory and research, the framework focuses on core themes that help guide organisations in creating better workplaces.

We developed the framework in consultation with stakeholders from the public sector and Deakin University.

Our public sector values

The public sector values inform the professional and ethical conduct of everyone who works in the public sector.

As such, these values underpin the theoretical framework of the survey.

There's a strong link between workplace culture and how staff perceive their organisation lives the public sector values.

Report overview

Your comparator group

What this is

This is a list of similar organisations to yours.

We try to make sure they're in the same industry your organisation is in.

Some organisations may not have taken part in the survey previously. This means your comparator group may be different to previous years.

How we use this in your report

In this report, we compare your organisation's survey results to your comparator group's results.

This is so you can compare how your organisation is doing in your industry or to similar organisations.

We refer to your comparator group in this report as 'comparator'.

Report overview

Your response rate

What this is

This is how many staff in your organisation did the survey in 2023.

Why this is important

The higher the response rate, the more your results will reflect how staff feel.

If less than 100 completed the survey, consider how much one person could change your results.

For example, if only 25 people did the survey, 1 person would account for 4% of any result.

In this example, if your survey result and comparator group result or previous survey result are within 4% of each other, there is very little difference in the results.

How to read this

The number in the brackets () shows how many staff completed the survey this year.

We've also expressed this as a percentage of all the staff who work in your organisation.

Scorecard: employee engagement index

What this is

Engaged employees are committed to their organisation's goals and values, and motivated to contribute to organisational success.

The employee engagement index is a score out of 100. It is a weighting of all engagement question responses.

The weightings for each engagement response are:

- strongly agree is 100 points
- agree is 75 points
- neither agree nor disagree is 50 points
- disagree is 25 points
- strongly disagree is 0 points

Why this is important

High engagement may lead to greater satisfaction and lower absences, turnover and workplace stress.

Work-related stress levels

What this is

This is the level of stress experienced by employees in response to work-related factors.

Why this is important

Stress can negatively affect peoples health and wellbeing as well as their performance and behaviour.

How to read this

In this survey we asked staff to tell us their stress level.

The graph at the top shows how staff in your organisation rated their current levels of work-related stress.

The numbers below show the percentage of staff in your organisation who said they experienced high to severe stress in 2023 compared to your comparator.

Example

0% of your staff who did the survey said they had high to severe stress in 2023. This is compared to 24% of staff in your comparator group and 25% of staff across the public sector.

Inclusion - Barriers to success

What this is

This is a list of things that staff felt were barriers to their success at work.

Why this is important

These results can show areas of focus for improvement to enable employee success in the workplace.

How to read this

In the survey, we ask staff to select from a list, any barriers they have experienced and believe to have hindered their success at work. They can select more than one option.

Why there are no further details

We've not published the results for individual response options because the number of respondents from your organisation is fewer than 30 individuals. We do this to protect participant anonymity.

Witnessing negative behaviours

What this is

This is where staff witnessed people acting in a negative way against a colleague.

Why this is important

Witnessing negative behaviour can still have a negative impact on the person, as it does on the victim.

How to read this

In the survey, we asked staff to tell us if they'd witnessed any negative behaviour at work.

They could tell us with one or more answers if they witnessed negative behaviour and what type they witnessed.

In descending order, the table shows the answers.

Example

0% of your staff who did the survey said they witnessed some negative behaviour at work.

Taking action

What this is

This is how well staff feel their organisation takes action and makes improvements from your survey results.

Why this is important

If your organisation takes action as a result of survey results, your staff may feel their feedback is valuable.

Scorecard

What this is

This scorecard provides overall results for each factor in the organisation climate part of the survey's theoretical framework.

Why this is important

This page shows which factors are performing well and which factors you can look to improve.

How to read this

Each label represents a group of questions in the survey about organisational climate.

Each result is the overall percentage of positive responses for your organisation, comparator and public sector.

Example

In 2023:

- 95% of your staff who did the survey responded positively to questions about Collaboration.

Compared to:

- 71% of staff at your comparator and 72% of staff across the public sector.

	Collaboration	Organisational integrity	Safety climate
You 2023	95%	91%	78%
Comparator 2023	71%	68%	60%
