About your report

The results in this report help your organisation build a positive workplace culture with integrity that live the public sector values.

Report contents

The visual on the right shows you what sections we've included in this report for your organisation's survey results.

Comparing data in this report

Your organisation took part in the survey in 2023 and 2022.

This means you'll be able to compare about 92% of this year's survey with your previous results.

Rounding of percentages

In this report, we round numbers up or down to their nearest whole percentage. This means some percentages may not add up to 100%.

Report overview

Survey's theoretical framework

What this is

The framework provides an overview of the workplace factors and outcomes that the survey measures.

Why this is important

Based on theory and research, the framework focuses on core themes that help guide organisations in creating better workplaces.

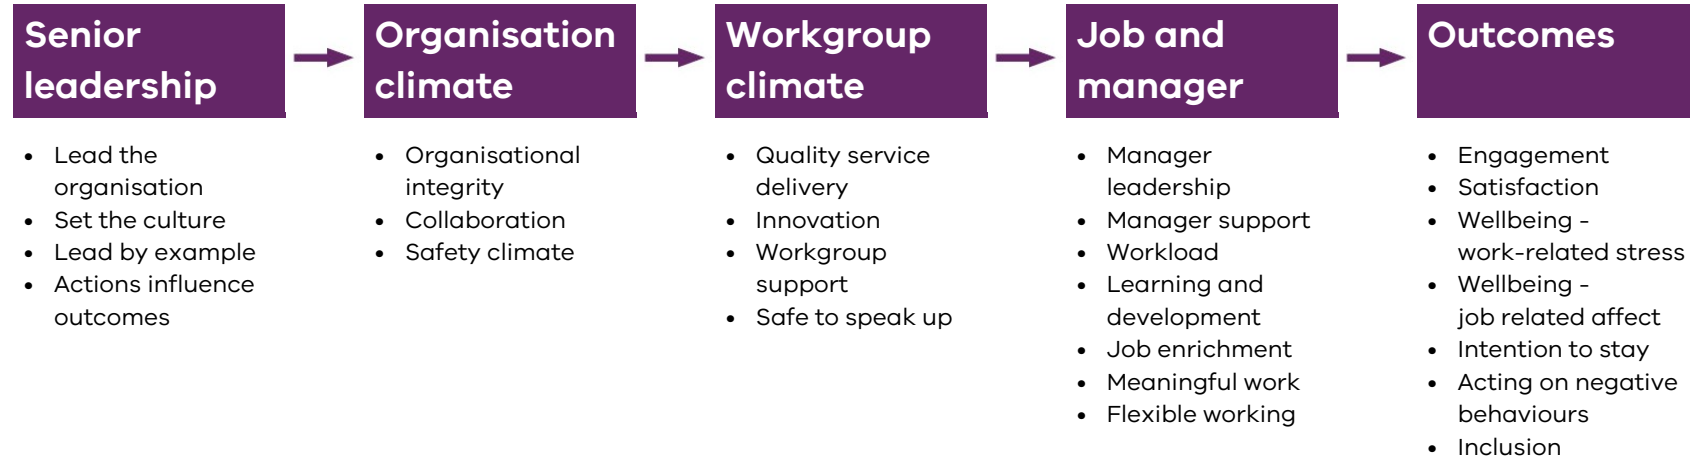

We developed the framework in consultation with stakeholders from the public sector and Deakin University.

Our public sector values

The public sector values inform the professional and ethical conduct of everyone who works in the public sector.

As such, these values underpin the theoretical framework of the survey.

There's a strong link between workplace culture and how staff perceive their organisation lives the public sector values.

Your comparator group

What this is

This is a list of similar organisations to yours.

We try to make sure they're in the same industry your organisation is in.

Some organisations may not have taken part in the survey previously. This means your comparator group may be different to previous years.

How we use this in your report

In this report, we compare your organisation's survey results to your comparator group's results.

This is so you can compare how your organisation is doing in your industry or to similar organisations.

We refer to your comparator group in this report as 'comparator'.

Report overview

Your response rate

What this is

This is how many staff in your organisation did the survey in 2024.

Why this is important

The higher the response rate, the more your results will reflect how staff feel.

If less than 100 completed the survey, consider how much one person could change your results.

For example, if only 25 people did the survey, 1 person would account for 4% of any result.

In this example, if your survey result and comparator group result or previous survey result are within 4% of each other, there is very little difference in the results.

How to read this

The number in the brackets () shows how many staff completed the survey this year.

Your employee engagement index

What is this

Engaged employees are committed to their organisation's goals and values, and motivated to contribute to organisational success.

The employee engagement index is a score out of 100. It is a weighting of all engagement question responses.

The weightings for each engagement response are:

- strongly agree is 100 points
- agree is 75 points
- neither agree nor disagree is 50 points
- disagree is 25 points
- strongly disagree is 0 points

Why this is important

High engagement may lead to greater satisfaction and lower absences, turnover and workplace stress.

Scorecard: satisfaction, stress, intention to stay, inclusion

What is this

This scorecard provides overall results for satisfaction, high to severe work-related stress, intention to stay and inclusion. There are more people outcomes scorecards throughout this report.

Why this is important

This page shows which outcomes are performing well and which outcomes you can look to improve.

How to read this

Each label represents a group of questions in the survey about people outcomes. Each result is the overall percentage of positive responses for your organisation, comparator and public sector.

Example

In 2024:

- 81.1% of your staff who did the survey responded positively to questions about Inclusion.

Compared to:

- 80.0% of staff in your comparator group and 78.9% of staff across the public sector.

Work-related stress levels

What is this

This is the level of stress experienced by employees in response to work-related factors.

Why this is important

Stress can negatively affect peoples health and wellbeing as well as their performance and behaviour.

How to read this

In this survey we asked staff to tell us their stress level.

The graph at the top shows how staff in your group rated their current levels of work-related stress.

The numbers below show the percentage of staff in your group who said they experienced high to severe stress in 2024 compared to 2023, your comparator and the public sector.

Example

Response to sexual harassment

What is this

This is how staff responded when they experienced sexual harassment.

Why this is important

How staff respond when they experience sexual harassment may help organisations work out what action they need to take.

How to read this

In the survey, we asked staff to tell us if they'd experienced sexual harassment at work.

If they did, they could tell us with one or more answers how they responded.

In descending order, the table shows the top 10 answers.

Example

5% of your staff who did the survey said they experienced sexual harassment. Of those, 50% said the top response was 'Pretended it didn't bother me'.

Have you experienced sexual harassment at work in the last 12 months?

When the harassment happened to you, did you respond in any of the following ways?

	You 2023	You 2024	Comparator 2024	Public sector 2024

Sexual harassment - reasons for not submitting a formal complaint

What is this

This is why staff who experienced sexual harassment chose not to submit a formal complaint.

Why this is important

By understanding this, organisations can work out what action to take.

How to read this

In the survey, we asked staff to tell us if they'd experienced sexual harassment at work. We then asked them if they submitted a formal complaint. If they did not, they could tell us with one or more answers why not. In descending order, the table shows the top 10 answers.

Example

100% of your staff who experienced sexual harassment did not submit a formal complaint, of which:

- 50% said the top reason was 'I believed there would be negative consequences for my reputation'.

Did you submit a formal complaint?

What was your reason for not submitting a formal complaint?

	You 2023	You 2024	Comparator 2024	Public sector 2024

I believed there would be negative consequences for my reputation	-	50%	34%	39%
I didn't think it was serious enough	-	40%	46%	44%
I believed there would be negative consequences for the person I was going to complain about	-	30%	9%	14%
I believed there would be negative consequences for my career	-	10%	23%	28%
I didn't need to because I made the harassment stop	-	10%	5%	9%
I didn't need to because I no longer had contact with the person(s) who harassed me	-	10%	5%	7%
I thought the complaint process would be embarrassing or difficult	-	10%	12%	13%

People outcomes

Perpetrators of sexual harassment

What is this

This is who staff have said are responsible for sexual harassment.

Why this is important

Understanding where harassment happens means organisations can work out what action to take.

How to read this

In this year's survey, 5% of your staff said they experienced sexual harassment.

If they did, they could tell us with one or more answers who the perpetrator was.

In descending order, the bar chart shows the perpetrators with the largest number of responses.

Each row is one perpetrator or group of perpetrators.

Example

5% of your staff who did the survey said they experienced sexual harassment.

Of that 5%, 60% said it was by 'A colleague'.

10 people (5% of staff) experienced sexual harassment (You 2024)

People outcomes

Frequency of sexual harassment

What is this

This is how often staff experienced sexual harassment.

Why this is important

Understanding the frequency staff experienced sexual harassment may help organisations work out what action to take.

How to read this

In this year's survey, 5% of your staff said they experienced sexual harassment. If they did, they could tell us how often they experienced this behaviour. The graph shows how often staff were experiencing sexual harassment.

Example

5% of your staff who did the survey said they experienced sexual harassment. Of that 5%, 0% said it was 'At least once a day'.

How often have you experienced the behaviour(s)? (You 2024)

People outcomes

Discrimination

What is this

Discrimination is when a person treats, or proposes to treat, a person unfavourably because of their personal characteristics, such as their age or gender, or other attributes.

Why this is important

Staff expect to have a safe and inclusive working environment to work in that is free of discrimination.

Why there is no data here

We've not published the results for this section because less than 10 people said they experienced discrimination.

We do this to protect the respondents.

People outcomes

Violence and aggression

What is this

This is when staff are abused, threatened or assaulted in a situation related to their work.

Why this is important

Violence and aggression can have an immediate and long-term negative impact on those involved, including those who witness violence and aggression.

How to read this

In the survey, we asked staff to tell us if they'd experienced violence or aggression. If they did, they could tell us with one or more answers what they experienced. In descending order, the table shows the answers.

Example

7% of your staff who did the survey said they experienced violence or aggression. Of that 7%, 71% said it was 'Abusive language'.

Have you experienced violence or aggression at work in the last 12 months?

If you experienced violence or aggression, what type did you experience?

People outcomes

Telling someone about violence and aggression

What is this

This is who staff told about what violence and aggression they experienced.

Why this is important

Understanding this means organisations can plan how to support and protect staff.

How to read this

In the survey, we asked staff to tell us if they'd experienced violence or aggression.

If they did, they could tell us with one or more answers who they told.

In descending order, the table shows the answers.

Example

7% of your staff who did the survey said they experienced violence or aggression, of which

- 57% said the top way they reported the violence or aggression was 'Told a manager'.
- 86% said they didn't submit a formal incident report

Negative behaviour

Witnessing negative behaviours

What is this

This is where staff witnessed people acting in a negative way against a colleague.

Why this is important

Witnessing negative behaviour can still have a negative impact on the person, as it does on the victim.

How to read this

In the survey, we asked staff to tell us if they'd witnessed any negative behaviour at work.

They could tell us with one or more answers if they witnessed negative behaviour and what type they witnessed.

In descending order, the table shows the answers.

Example

19% of your staff who did the survey said they witnessed some negative behaviour at work.

81% said 'No, I have not witnessed any of the situations above'.

Have you witnessed any negative behaviour at work in the last 12 months?

During the last 12 months in your current organisation, have you witnessed any of the following negative behaviours at work?	You 2023	You 2024	Comparator 2024	Public sector 2024

Most improved

What is this

This is where staff feel their group has most improved.

How to read this

Use this data to see if your organisation has a developing or changing trend.

In this table, your trend is shown in the 'Increase from 2023' column.

When you use this data, focus on the increase instead of individual numbers.

This is because the increase from 2023 shows you where the most positive changes are happening in your organisation.

Example

On the first row 'Flexible working', the 'You 2024' column shows 87% of your staff who did the survey agreed with 'I am confident that if I requested a flexible work arrangement, it would be given due consideration'.

In the 'Increase from 2023' column, you have a 7% increase, which is a positive trend.

Question group	Most improved from last year	You 2024	Increase from 2023	Comparator 2024

What is this

This is where staff feel their group has most declined.

How to read this

Use this data to see if your organisation has a developing or changing trend.

In this table, your trend is shown in the 'Decrease from 2023' column.

When you use this data, focus on the decrease instead of individual numbers.

This is because the decrease from 2023 shows you where the most negative changes are happening in your organisation.

Example

On the first row 'Safety climate', the 'You 2024' column shows 58% of your staff who did the survey agreed with 'In my workplace, there is good communication about psychological safety issues that affect me'.

In the 'Decrease from 2023' column, you have a 14% decrease, which is a negative trend.

Taking action

What is this

This is how well staff feel their organisation takes action and makes improvements from your survey results.

Why this is important

If your organisation takes action as a result of survey results, your staff may feel their feedback is valuable.

How to read this

Under 'Your results', see results for each question in descending order by most agreed.

'Agree' combines responses for agree and strongly agree and 'Disagree' combines responses for disagree and strongly disagree.

Under 'Benchmark results', compare your comparator groups overall, lowest and highest scores with your own.

Example

61% of your staff who did the survey agreed or strongly agreed with 'I believe my organisation will make improvements based on the results of this year's survey'.

Demographics

Caring

What is this

These are staff-reported caring responsibilities.

Why this is important

This shows organisations what caring responsibilities their staff have.

How to read this

Each table shows the breakdown of responses from your survey.

The (n) column shows the number of respondents in each category.

How we protect anonymity and privacy

- de-identify all survey response data provided to your organisation
- don't release employee experience results when fewer than 10 people in a demographic group have responded to the survey
- don't release employee experience results for demographic groups where organisations have fewer than 30 responses in total
